

# Replacement Guide

Receive Hunter quality and Hunter performance with the right substitute for your non-Hunter sprinklers.

Bringing together a combination of intelligent design, carefully controlled manufacturing and regular testing to ensure conformity to the strictest standards, Hunter has been able to create what performance studies have shown to be truly exceptional nozzles. Essentially, we have made the science of developing superior nozzles – and thus, superior sprinklers – look easy. In the process, we have also made it easy for you to determine exactly which of these high performance sprinklers make the appropriate choice for you to install as an alternative to your current product that does not carry the Hunter label. Simply consult our comprehensive replacement guide and you'll quickly see there's a better quality, better performing sprinkler from Hunter that will fit whatever irrigation need you have.
